BVO was recently made aware of a promotional email “eblast” from a candidate for the Town of The Blue Mountains Council containing a photo of the candidate in front of BVO’s new headquarters at 54 King Street.

We wish to make it clear that BVO is a non-political organization and that BVO **does not endorse** any specific candidates running for positions on Council.

BVO is grateful to receive donations of salable goods for our Treasure Shop, and we are happy to have people take pictures of our new home.
