2023 Thornbury Community Gardens Agreement

- 1. Gardeners will pay an annual plot rental fee to rent a garden plot within the designated Community Garden Area.**
- 2. The period of the plot rental shall be ongoing year-round. Plots are “no-Till” meaning they will not be machine tilled and must be maintained year-round by hand. This includes frequent weeding, soil amendments, mulching etc. This is an opportunity to plant perennials, garlic, spring bulbs, etc. and to practice an even more “eco-friendly” way of gardening.**
- 3. Plots will be assigned on a first-come/first-serve basis. Gardeners wishing to reserve their same plot for the next year shall register and pay for that plot by October 31st of the current year.**
- 4. Raised Garden Beds - Gardeners who would benefit from a raised bed due to mobility limitations or any other circumstance are encouraged to note this on their application. The committee will take these notes into consideration when assigning plots.**
- 5. Gardeners may access plots first thing in spring as long as they know which one is theirs.**
- 6. If a gardener is unable to continue gardening, he/she shall notify The Gardens Committee. If there is no garden activity by July 1 the plot will be reassigned at the discretion of the committee. There will be no fee reimbursement.**
- 7. Pesticide/herbicide use is not permitted and only organic fertilizers and pest prevention are to be used.**
- 8. Gardeners shall keep their plots weeded and tidy, and maintain tidy pathways of one long edge and one short edge surrounding their plot.**
- 9. If a gardener’s garden bed is unkempt, they will be given two (2) weeks notice to clean it up. If they do not comply in two weeks, their bed may be reassigned and their annual fee forfeited at the discretion of the committee.**
- 10. Gardeners must not plant corn and any tall crops where they will shade other people’s plots unless the gardener can demonstrate that there will not be a negative effect.**

- 11. Illegal, invasive, and/or aggressive plants (ex. Mint) are strictly prohibited.**
- 12. All plant material and compost must be placed in the pile or container provided. We will not be actively composting on site – it will be hauled with the town’s organics program. Do not leave garbage or recycling at the site or in the container.**
- 13. Smoking on the garden property is prohibited.**
- 14. All pets must be on a leash and are not permitted to roam freely in the gardens. Owners must pick up after their pets and bring the waste away with them.**
- 15. All tools must be returned to the tool shed when you are done and the shed is to be locked. The tool shed key location is to be kept confidential amongst gardeners.**
- 16. Installation of any fencing, boards or any other materials to enclose the individual garden plots requires consent from the committee.**
- 17. Please report any vandalism to The Gardens Committee**
- 18. Each gardener’s contact information will be provided to The Gardens Committee. Contact information will not be shared and will be used solely for communication from The Gardens Committee.**
- 19. WATERING:** Please notify The Gardens Committee if the water barrels are empty.
- 20. Gardening hoses and sprinklers are not permitted in the gardens** unless permission has been granted from The Gardens Committee.
- 21. A Winter mulch or cover crop is strongly recommended to keep the weeds down in your garden in early spring. Fall leaves are a great resource for this.**
- 22. Gardeners are responsible for supervising those individuals they bring to the garden including other adults, youths and children.**
- 23. Work to keep the garden a happy, secure, and enjoyable place where all participants can garden peacefully in a neighbourly manner.**
- 24. Being “Community” gardens, we hope that all gardeners will participate in the community building potential of the gardens. Get to know your garden neighbours; water their plot when they are ill or away. Help with the communal spaces or see something that needs to be done? Feel free to take the initiative and get it done! If any supplies are needed just check with Kim, but if it’s under \$30 it’s likely not an issue.**
