### KID'S CLUB PROGRAM STATEMENT

BVO KID'S CLUB follows

**“How Does Learning Happen?”**

Ontario's Pedagogy for the

Early Years (2014)” as the guiding document under the Child Care and Early Years Act, 2014.

### **ELECT**

We aspire to be organized around the foundations of belonging, well-being, engagement and expression in children where the goals and expectations integrate the six guiding principles of ELECT (Early Learning for Every Child Today).

- 1. Early child development sets the foundation for lifelong learning, behaviour and health.**
- 2. Partnerships with families and communities strengthen the ability of early childhood settings to meet the needs of young children.**

**3. Respect for diversity, equity and inclusion are prerequisites for honouring children's rights, optimal development and learning.**

**4. A planned curriculum supports early learning.**

**5. Play is a means to early learning that capitalizes on children's natural curiosity and exuberance.**

**6. Knowledgeable, responsive early childhood professionals are essential.**

Some of the other Ministry documents BVO Kid's Club refers to and implements in its programming are: Ontario Early Years Framework & Think Feel Act: Lessons from Research about Young Children.

Kid's Club Before and After School Programs use a play-based learning approach to create the best environment for children to learn and grow. Play-based learning allows children to learn in a way that is most appropriate for them. Each child may choose to pursue activities of their own interest, giving them the opportunity to be creative and innovative as they learn.

### **OUR GOALS FOR CHILDREN**

Our goals are consistent with the Ministry of Education pedagogy, include the following:

- Every child has a sense of **belonging** when he or she is connected to others and contributes to their world.
- Every child is developing a sense of self, health, and **well-being**.
- Every child is an active and **engaged** learner who explores the world with body, mind, and senses.
- Every child is a capable communicator who **expresses** himself or herself in many ways.

To foster learning and support children's interests, & inquiry Kid's Club offers a variety of daily activities such as language and physical literacy, numeracy, music, outdoor play, science, nature, technology, rest time, blocks (fine motor and gross motor) and creative arts.

Our programs are intended to:

- encourage children to interact and communicate in a positive way and support their ability to self-regulate
- foster the children's exploration, play and inquiry
- provide child-initiated and adult-supported experiences
- offer opportunities to create relationships with others in the program

### **CHILDREN ARE COMPETENT, CAPABLE, CURIOUS AND RICH IN POTENTIAL**

BVO Kids Club strives to implement flexibility in our programming so that each child can realize their full potential by indulging their capabilities and curiosities. They can try new things and explore new ideas, all while learning and developing at their own pace.

BVO Kid's Club believes in a holistic approach. We focus less on the traditional milestones of academic development and more on the whole child. We plan and build on the domains of Child Development with an integrated, holistic approach to teaching and learning and also focus on connections to the natural world.

Children's abilities, experiences, rights and needs are respected. We follow the progression of social, emotional, language, cognitive and physical skills in young children.

### **INDEPENDENCE AND SELF-RELIANCE:**

Our physical set-up meets a child's need to become independent and self-reliant by allowing free choice of play materials, and with the exception of routines, free use of these materials within limits.

We provide child initiated and adult supported experiences.

The children are encouraged to be self-reliant in routines such as dressing, toileting, washing, eating, and tidying up their playthings. An adult is available for assistance when needed, but the child is made to feel responsible for the job at hand.

### **THE INITIATIVE, IMAGINATION, AND COURAGE TO FACE THE SITUATION**

The creative part of the program is planned to meet a child's need to develop initiative, imagination and the courage to face situations. The child is given no set patterns to follow when working with paint, paper, playdough, markers, or any creative media; the children may use these materials the way they wish.

Dramatic toys (doll centre, blocks, puppets, etc.) stimulate the child's imagination. Using these toys the child enjoys role-playing, building houses, roads, etc. No one tells him/her what must be constructed. We provide an environment that allows children to explore their surroundings and fosters curiosity. In addition to an environment conducive to play-based learning, BVO Kid's Club provides a safe, caring and healthy environment for our children. We strive to ensure that children feel like they belong, making friends and interacting with their teachers.

We understand that each child's development differs and that factors such as family, community and life experiences influence it. In each case, we aim to integrate all areas of the child's development into our program in an all-inclusive way.

### **HEALTH, SAFETY, NUTRITION AND WELL-BEING OF CHILDREN**

Early years sets the foundation for children's health and well-being.

#### **HEALTH AND SAFETY:**

Health and safety of adults and children is extremely important to us. BVO Kids Club meets and strives to exceed all health and safety requirements of the Ministry of Education and local government bylaws. This information is also presented in our Parent Policies.

#### **NUTRITION:**

BVO Kids Club follows Canada's Food Guide to develop menus. Menus can be viewed on the parent communication board. We accommodate dietary or religious food requirements for children in our program.

### **OUTDOOR ACTIVITIES**

Each day, weather permitting at BVO Kids Club, each child enjoys a minimum of half an hour outdoor activity. Learning to run, jump, climb, and take turns is a healthy way to participate in group activities while developing coordination and strength.

### **WELL-BEING**

#### **A sense of closeness and belonging:**

BVO staff members are educators who are consistent and gentle. Each child is given individual attention during the day and special attention should he/she need it. Each group is comprised of children his/her own age plus those a little younger or a little older but developmentally at the same stage. The child feels comfortable and valued.

### **RELATIONSHIPS AMONG CHILDREN, FAMILIES, STAFF AND COMMUNITY PARTNERS**

BVO Kids Club works with families and children as a team. We foster collaborative and co-operative relationship between children and the adults. We believe that relationship of trust is the basis of a good foundation for this team to work towards the children meeting their maximum potential. We promote a sense of belonging for children and their families in our programs by creating positive communications and partnership with families. Staff empower the children to resolve conflicts, learn responsibility along with social skills. BVO Kids Club is committed to working collaboratively with all of our community partners to meet the best interest of the children and their families.

### **POSITIVE SELF-EXPRESSION, COMMUNICATION AND SELF-REGULATION**

BVO Kids Club inclusive programming leads to children's sense of belonging. Progressive learning environments and practices, focused on play-based learning, encourage children's self-expression, communication, self-regulation and their ability to deal with stress.

As they learn how to remain and return to a state of calm in stressful situations, they are best able to control their emotions, pay attention, ignore distractions and understand the consequences of their actions.

### **TRUST IN THE WORLD AND PEOPLE:**

Our staff meet the child's need to develop trust in the world and people by providing staff who are cheerful and happy to see them each day, and are consistent in their classroom conduct. The rules are always the same. The day is conducted in a familiar pattern. Everything is planned following the child's lead and interest. If this is the child's first experience away from home he/she will find it to be one of quiet consistency. Staff do not expect too much of a child, but are there to lend support necessary to the child to accomplish each new task as they are ready.

### **SELF-WORTH ENCOURAGING EACH CHILD TO REACH THEIR MAXIMUM POTENTIAL:**

Each child is an individual and treated as such. The group is small enough so that no child is overlooked. The child is not rushed into an activity for which he/she may be unprepared. Routines are conducted by guiding small numbers of children from one activity to another; the child accomplishes each task at his/her own rate. At the end of each day the child leaves with a feeling of satisfaction.

### **GROWING IN LANGUAGE AND COGNITIVE SKILLS:**

The program focuses on play-based learning where learning happens when children manipulate, explore and experiment. Purposeful play-based learning enables children to investigate, ask questions, solve problems, and engage in critical thinking. Play is responsive to each child's unique learning style and capitalizes on his or her instinctive curiosity and vision. Our plans are developed over a period of a week or two and planned to coincide with the interests of the children. Some projects may last longer. Puzzles used for spatial concepts, matching, sorting, seriation, and counting games are provided. Science concepts are taught and a science table set up. Books are available. Stories, poems, songs, games and finger plays are often used language development. Children articulate their ideas and use different languages to express them.

### **PARENT ENGAGEMENT AND COMMUNICATION**

BVO Kid's Club encourages and practices open communication with families. We aim to foster outreach, engagement and communication with families about our program and their children's learning experiences.

BVO Kids Club respects, fosters, responds, supports and includes different cultures and languages. In our inclusive learning environments, we welcome children of all abilities. Inclusive learning environment in our programs is implemented by

- acknowledging diversity and valuing the culture and first language of all children
- environment that is accessible to each child
- recognize each child as unique and working with the families around their developmental needs

Respect, empathy, trust and honesty are core values in all our interactions with families. In addition to the daily interaction with program staff, we encourage opportunities for parent feedback and involvement.

Partnerships with families support our program in many ways:

- helps meet the child's needs as families know their children best, and are the first and most powerful influence on learning and development.
- Helping to build a powerful relationship by understanding family structures, values, language and their culture.

Due to the nature of a Before and After School Program, Kids Club Staff would communicate several ways

- Before & After school discussion on a daily basis
- Program newsletters, website, telephone calls and emails.
- We use parent input to improve our programs and services.
- Parent Issues and Concerns Policy & Procedures

### **COMMUNITY PARTNERS**

BVO is committed to involving and engaging local community partners in supporting children, families and staff. BVO supports volunteers and students from the community and provides placement, training, learning opportunities and practical work experience, in the areas of programming and management. Volunteers and students on placement enhance the high-quality care and individual attention given to the children in the programs.

### **DOCUMENTING AND REVIEWING THE IMPACT OF OUR PROGRAM STATEMENT**

BVO Kid's Club works towards advising staff to learn about how children think and learn. Our staff makes daily observations of children in the program and uses this information to enlighten their future planning.

The purpose of our documentation is also

- to value children's experiences and help them to reflect back on those experiences in their learning environment
